

## **Lesley Stevens, Director**

Born in Oakville, Ontario and raised in Port Medway, Nova Scotia, Lesley had an extensive international career in the Printing Industry and served as Board member for Digital Imaging Association for many years holding all positions. Realizing the large educational gap in personal finance she transitioned from corporate business leadership to the entrepreneurial world of personal finance. Lesley holds a BA from Mount Saint Vincent University.

She is mom to two young adults and currently divides her time living in HRM and Port Medway. Along with being a director for CMBA Atlantic, Lesley is also a board member of Maritime Housing Society, a non-profit working to bring financially attainable home ownership to the region. In her spare time, she likes to be outside and on the water inherited from her seafaring ancestors, it's in her blood.
